### RADIOFRANCE INTERVIEW

RadioFrance reached out to TARs asking if teens were interested in giving interviews detailing their dedication and goals within Arizona Teenage Republicans. AZ Teen Rep Gabby shares, "Being on RadioFrance was an incredible experience. I had the chance to speak about

issues that truly matter to me, and it was amazing to share my story within Arizona Teenage Republicans. It felt especially thrilling to highlight the energy and passion of young conservatives in Arizona on an international platform. Being able to discuss these topics that I care deeply about with such a wide audience was an opportunity I'll always treasure!

### CHASE THE VOTE

On August 17th TARs was able to join Justin Heap for a ballot chasing event. The turnout was substantial and they were able to reach a lot of people about the vote. The teens went door-to-door giving out flags and voting information and were met positively by the community.

Erin Alling is the AZ State Teenage Republican Advisor/ Turning Point USA Rep and is looking for people to host and/or be involved in Chase the Vote Events.
