JUNE 2025

THE REPUBLICAN NEWSLETTER

State Chairman Yidi Chen

I am a fifteen year old patriot who loves this country. Being elected as chairman, I'm going to carry the torch of this organization and get more young people into the republican movement, which I am very

passionate about. I started going to Republican events since the age of eight, and joined the Teen Republicans when I was twelve. I have learned a lot about leadership, communication, and politics, which is why I am leading this next generation of Young Conservatives!

Hello, my name is Faith, and I've been a member of TARS since 2022. Thanks to TARS, I had the incredible opportunity to attend the RNC and visit Washington. Being part of TARS has greatly improved my public

speaking skills and boosted my confidence. In the future, I plan to become a large animal veterinarian and pursue indie game development on the side.

As the Public Engagement Director for the Arizona Teenage Republicans, I will manage outreach efforts and select members for public speaking events, ensuring they are well-prepared to represent our group. I will also speak at events myself, advocating for our mission and building connections with the community.
