

IN MEMORY OF CHARILE KIRK

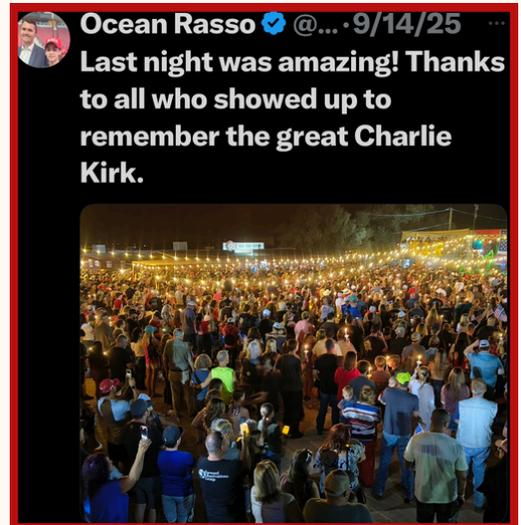

TRIBUTE BY OCEAN RASSO

When I first met Charlie, it was at a Trump rally in Glendale, AZ. He stopped and took time out of his incredibly busy day to speak to me. I will never forget that. I watched him speak at many events, and never once did he personally attack anyone or speak rudely. All he wanted to do was politely debate and persuade people to Christ, and freedom.

Charlie was different than most other political figures. He didn't want a fight. He didn't want to hurt feelings. He just wanted to fight for his beliefs. Charlie Kirk is a modern-day martyr for the Church, for America, and for freedom. We lost a great leader. Someone who inspired millions of young people to take action. Today, we have millions of young people who are ready to be the next Charlie Kirk and carry on his legacy of fighting for Christ, preserving freedom, and loving the youth.

We must never forget what happened. Charlie would want us to continue the fight. Never surrender. Be a Charlie Kirk.

Fear not, for I am with you. Be not dismayed, for I am your God. I will strengthen you. Yes, I will help you. I will uphold you with My righteous right hand. - Isaiah 41:10

OCEAN RASSO'S REMARKS AT WEST VALLEY VIGIL

LEADERSHIP SPOTLIGHT

HAYDEN RUSH, WEST VALLEY CHAIRMAN

Charlie Kirk inspired me to get involved in political discussions at a young age and to think critically about the values that shape our country. He motivated me to take leadership roles in my community to encourage my peers to be engaged and informed. His example showed me the importance of standing firm in beliefs, even when they aren't popular amongst others.

Recently, I have been very involved in civic engagement and politics. My club at Sunrise Mountain High School, Young Americans for Freedom, hosted its inaugural 9/11 Never Forget event. I also spoke at a Peoria Unified School District meeting in opposition to a petition that would have allowed students to make secret agreements with teachers about the names they preferred to be called.

I am also a member of the Peoria Youth Advisory Board, which advises the Mayor of Peoria on youth issues. On the board, I have been working to remove the progressive climate activist group Sierra Club from our partner program. I also recently won my election for Freshman President at Sunrise Mountain High School.

There are two values from Charlie Kirk that I will carry with me for the rest of my life. The first is the value of youth involvement, which is the belief that young people have a strong voice in shaping the future. The second is the value of preparation, which means always being well-read, informed, and ready to defend your ideas with facts.

TARS SAY GOODBYE TO CHARLIE KIRK

Turning Point HQ in Phoenix

TARS members Gabby, Natalia and their family joined the memorial outside TPUSA where hundreds gathered to honor Charlie Kirk. A chaplain reflected on how the crowd included people from across the nation, even from traditionally liberal states, who were moved by the outpouring of support. One 80 year old man was so inspired he decided to donate to TPUSA for the very first time. "Even in tragedy, we saw hope and unity begin to grow," the family said.

ASU College Republicans Vigil

With more than 8,000 people in attendance, Arizona State University College Republicans Chair Troy Holderby partnered with Turning Point ASU to host a vigil honoring the life and legacy of Charlie Kirk. The event featured speakers including Tyler Bowyer of Turning Point Action and Jack Posobiec, along with personal stories, scripture readings, and a powerful moment when the arena glowed with phone flashlights to symbolize the lasting impact of Kirk's life. Holderby, who also serves as the immediate past chair of the TARS, helped lead one of largest student vigils for Kirk.

GCU TPUSA Memorial

Vice Chair Riley attended the GCU memorial with her family. "It was uplifting to sing worship songs and pray for one another," said Riley.
